

Crazy 4 Poker Progressive

Rules

- ★ Crazy 4 Poker Progressive™ is an easy game to master. It offers all the exciting elements of Three Card Poker® and features new rules, betting options and a higher payout.
- ★ **How to Play** - You receive 5 cards to make your best four-card hand. A four card straight is a straight, a four card flush is a flush, etc.
- ★ **Player vs. Dealer** - Make equal bets on the Ante and Super Bonus spots. After seeing your cards, you can fold or stay in the game by making the Play wager. The Play wager must match your Ante unless you have a pair of Aces or better. If you have at least a pair of Aces, you may bet up to three times your Ante. The dealer qualifies with King-high or better.

When you beat the dealer's qualifying hand, your Ante and Play bets win even money. When the dealer qualifies and beats your hand, your Ante and Play bets lose.

When the dealer does not qualify your play bet wins and you Ante bet pushes. Super Bonus and Queens Up wagers are resolved normally.

- ★ **Super Bonus** - The Super Bonus win when you have a straight or better. Failure to get at least a straight, however, does not result in an automatic loss. The Super Bonus pushes when you have less than a straight, but you beat or tie the dealers hand. If your hand of a straight or better losses to the dealer, you still receive the Super Bonus payout. In addition, your original Super Bonus bet is not removed.
- ★ **Queens Up** - The Queens Up optional bonus bet wins when you receive a pair of Queens or better. See layout odds. Note: Winning Super Bonus and Queens Up wagers are paid regardless of the dealer's hand.
- ★ **Progressive Payouts** - The optional \$1 progressive bet wins if you have Three-of-a-Kind or better. The top award (100% of the jackpot) pays when you have a Royal Flush. A Straight Flush pays 10% of the jackpot. Folded hands do not qualify for payouts on the progressive wager.

The top two hands trigger Envy bonuses. You win if any other player gets a Royal Flush or Straight Flush. (Player must have bet on progressive.) See payable for odds. You can win multiple Envy Bonuses in a round, but you cannot win Envy Bonuses for your own hand or the dealers hand.
